PINCHOT SCANS STATE BEER SALE PROPOSALS

Regulation Of Beer Sales In State Studied

Governor Pinchot Looks Over Sowers-Conner Bill At Capital

STATEMENT WILL BE ISSUED SHORTLY

Measure To Regulate Sale Of Beer Is Pending In Legislature

(International News Service)
HARRISBURG, Mar. 22.—Gov. Gifford Pinchot today announced that the administration is making a study of the Sowers-Conner bill regulating the sale of beer and wine that will be legal in Pennsylvania by April 7.

"I shall have something to say on the Sowers bill early next week," the governor said.

Pending enactment of the control measure there is apparently nothing in Pennsylvania statutes to prevent sale of 3.2 beer in the state, unless the mercantile laws are invoked in some manner not yet made clear.

Must Get Alcohol Permit.
Attorney General William A. Schnader pointed out, however, that all manufacturers would have to receive authority first from the state alcohol permit board.

The state could control manufacture that way until the Sowers bill is enacted into law, but the loophole lies in the fact that the board has no jurisdiction over brewing in other states from which beer could be shipped into Pennsylvania and sold.

Schnader said today he was familiar with no state law which could prevent such an interstate flow.

Secretary of the Commonwealth Richard J. Beamish disclosed that he is permitting corporations desirous of manufacturing beer in Pennsylvania to register. Before beginning the manufacture they must receive the permission of the state alcohol permit board, he said.

Introduced Monday night, the state beer control measure was returned to the special committee for further study, amendments, and possibly a public hearing.

PA NEW OBSERVES

Pa New imagines that there are a lot of people willing to debate the issue of whether Spring arrived or not yesterday. The calendar says she didn't, but the weather says she did.

It is true that spring has officially arrived but she certainly hasn't made a personal appearance here as yet. Old Man Winter is intent upon having the last word.

A salesman who had traveled all night said that it was a miserable drive. He added, however, that it was nothing like last Saturday night when the fog was so thick on the Perry highway.

Motorists found that the hills in the city were quite skiddy this morning. Pa New noted one unfortunate motorist who had skidded into the curb on the Highland avenue hill at Grant street, and smashed a rear wheel on his car.

Pa New believes that there are several old buildings in the city that could be razed under the plan of the Castlewood citizens, as announced last night. Castlewood citizens are planning the erection of a community.

California Earthquake Hastens Eastern Trip Of Former Local Folks

They were just about to sit down to a steak dinner in Los Angeles. On the table a steaming filet mignon was sending out its provocative odor and neighboring the filet were the potatoes, the rolls and the other tidbits that go to make up a meal that leaves no regrets.

And then it happened.

A low, ominous rumble, the floor began a drunken weaving, the plates clattered towards one another as though in fright, the building shook and outside could be heard the terrified shrieks of "earthquake."

This was the introduction Mr. and Mrs. Albert Russell had to the recent earthquake which rocked Los Angeles, Santa Monica, Compton, Long Beach and other Pacific coast towns. They are here visiting their son-in-law and daughter, Mr. and Mrs. Earl Wimer of 2201 Highland avenue, glad to be back in New Castle their former home, where earthquakes have only a nodding acquaintance.

"End Of The World"

"For a minute I thought it was the end of the world," said Mr. Russell. "As soon as we realized what it was Mrs. Russell and I ran out into the street, afraid that the ground might open up and drop the apartment building where we live into the ground."

"The street was full of people. Women were screaming, men were endeavoring to get their families to safety."

GUNMEN BLAST WAY INTO SUBURBAN BANK ON CHICAGO OUTSKIRTS

(International News Service)
CHICAGO, Mar. 22.—Using nitroglycerin to blast their way into the vault, six gunmen today robbed the Argo State Bank in suburban Argo, escaping with comparatively small loot.

A checkup of the safety deposit boxes was being made to determine the exact amount taken in addition to the \$3,000 in currency and \$500 in gold the bandits took with them. The contents of 45 safety deposit boxes were taken in the raid.

The bandits were frightened away just as they began to cut into the inner currency vault which contained approximately \$100,000 in cash.

Police estimated that the cracksmen had been at work in the safety deposit vault, systematically opening and robbing the deposit boxes, for more than two hours.

At 1:30 a. m. Deryl Claer, janitor of the building, entered the bank. The gunmen seized him and after binding him up with rope, proceeded with their work.

Forcing a rear door in the bank, the gang entered the bank shortly after midnight. They drilled through the rear vault, using heavy snipers to sever reinforcing bars. They loaded the inner protecting vault with a heavy charge of nitroglycerin placed in holes made with an acetylene torch, and after muffled the aperture with blankets, touched off the explosive.

J. Dowdell took the suit under advisement and announced he would make his recommendation to the court today.

Success in her suit was predicted after Benjamin Cohen, attorney for Walker, declining to place any witnesses on the stand said "it appears that she has proved her case."

Burglars Rob Post Office At Enon; Get Loot

Safe Is Opened By Yeggs During Night—Nearly \$100 Taken

OFFICERS MAKING AN INVESTIGATION

Believe That Robbers Came Across State Line Near Enon

Forcing their way thru a side door, burglars looted the Enon Valley post office Tuesday night or early this morning, too approximately \$100 in money, and rifled the contents of two parcel post packages. There were no clues apparent although it is thought the handle of the safe may have finger prints of the yeggs on it.

County Detective Lee and B. J. Rocks and state police from this city, were called and are investigating.

The Enon Valley post office is located in a store room next to the Inboden store, near the Pennsylvania railroad tracks. On Tuesday night H. C. The robbers had worked the combination of the safe.

Robbery This Morning.
No strangers were seen in Enon Valley last night or early this morning and it is thought they came in and got out during the snow storm that fell. Mr. Best believes the robbery occurred between two and three o'clock this morning. The officers are of the opinion that the robbery was performed by some Ohio crooks who came over the line, looted the post office and then got back over into Ohio. They are conducting an investigation but at noon had no clues.

(International News Service)
NEW YORK, March 22.—Charles E. Mitchell, former chairman of the National City Bank, was held under \$10,000 bail today for a hearing on March 29 on a federal warrant charging an attempt to evade income tax laws.

The arrest of one of the foremost bankers of the United States was assertedly a part of the campaign of President Franklin D. Dewey, who charged that Mitchell attempted to evade a tax of \$557,152.40 on an income of \$2,823,504.85 for the year 1929.

Mitchell was the third of three prominent New York banking officials to be arrested in the past ten days. Horace C. Joseph W. Harriman, former president and chairman of the board of the Harriman National Bank and Trust Company, was arrested a week ago on a federal warrant charging falsification of the bank's books to a total of more than \$1,600,000. Mass Meeting Planned
The statement expressed "profound dismay at the recurring instances of onerous persecution in a land which has been a home of culture, justice and progress."

The objection came after Representative Blanton (D) of Texas announced he would fight any move that might offend the Hindenburg-Hitler government.

HAVE LEADING ROLES IN PLAY

Evelyn Van Buren-William Fletcher

Evelyn Van Buren is to have the title role in senior high school's production of "Polly of the Circus" next week. In three acts events pursue the light-hearted little equestrienne out of "the big top" and into the intimate circle of a country parsonage, back to her place in the sawdust ring; and finally after misunderstandings and explanations the curtain is rung down on Polly safe in the devoted and protecting arms of the parson himself. Miss Van Buren's role is decidedly romantic and delightful.

William Fletcher is the parson, the Rev. John Douglas. He serves as an excellent foil for Miss Van Buren. Evelyn is a tiny brunette and William is a tall blond; the Rev. John is grave and dignified, Polly is gay and vivacious. A quiet youth in his own proper person, young Fletcher has developed unusual dramatic sense and ability.

These two leading figures in the cast of character indicate that "Polly of the Circus" will be a play of unusual merit.

Lamm Not Guilty; Costs Are Divided

Case Comes To An End
After Five Days

In the case of Lee H. Lamm of North Beaver township, charged with pointing firearms at E. C. Hall, the jury at court this morning returned a verdict of not guilty. The costs were divided equally between Lamm and Hall.

This case was taken up before Judge James A. Chambers on last Friday. It was dragged out to unusual length owing to the fact that mosh of the testimony offered did not pertain strictly to the case in hand, but went into matters pertaining to the agreement between Lamm and Hall and the division of the farm products.

Testimony was completed Tuesday afternoon. The jury reached a verdict about eight o'clock Tuesday night. The verdict could not be returned until court convened this morning and so the jurors had to come back for another day, making five days in all, or total jury costs of \$240, which must be paid by the county. The witness bill, which has not yet been figured up, will be considerable, as there were a large number of witnesses on both sides.

White Man Is Wounded, Negro
Companion Makes Get-

Robbery

(International News Service)
WASHINGTON, Pa., Mar. 22.—The impromptu holdup career of a Negro and his white companion ended in near-tragedy here today when their intended victim refused to obey commands to hand over his money and whipped out a pistol instead.

The white man, who said he was Dale Hardesty, 22, of Waynesboro, Va., was shot and seriously wounded. He told police he did not know the name of the Negro, whom he said he met last night for the first time. Wallace Lyle, 45, gasoline station owner, was the intended victim. When the bandits entered and ordered Lyle to put up his hands, he calmly asked: "You don't mean it, do you?" Then he drew his gun and started firing. The Negro escaped.

Checking Accounts At New Wilmington

Conservator Has Not Com-
pleted Check Of Funds
In Bank

No chance in the status of the First National Bank of New Wilmington was reported today, the Conservator, C. P. Cloak stating that the checking of the bank's accounts was still under way and that until this was completed no statement would be forthcoming.

The checking of the accounts is a customary thing when a change in the cashier's position occurs and this checking takes some little time. When the accounts are finally checked and the Conservator knows exactly the condition of the bank it is probable that a license to open in full will be given by the Federal Reserve System.

At midnight an intermission period was held, during which time the guests were entertained by a floor show presented by Kathryn Hart-suff in a clever acrobatic dance; a tap dance by Nellie Brady and an adagio dance by Leone and Kathryn Hart-suff.

Throughout the evening Marian Ginsburg and Rose Katz, dressed in clever blue and white costumes, acted as cigarette girls.

Many out of town guests were present at the ball, which was pronounced the most delightful that Hadassah has ever given.

Mrs. L. F. Kohn was chairman of arrangements and she was ably assisted by an efficient corps of Hadassah members.

Federated Clubs Have Meeting At Wilmington Church Tuesday

One of the most inspiring meetings of the year for the Lawrence County Federation of Women's Clubs was held Tuesday afternoon at New Wilmington United Presbyterian church when the Thursday Club extended greetings as their hostesses. A splendid representation of the various clubs was noted, with approximately a total of 250 participating.

Mrs. Ralph Neale in behalf of the Wilmington group, gave the welcome address and at the conclusion of singing "Hail Pennsylvania" by the entire group, with Mrs. Alan B. Davis accompanist, the meeting was turned over to Mrs. S. D. Pearson, president.

A musical program featured the event, with an inspiring violin solo being given by Miss Lowenne Swindler, entitled "Spanish Dance", J. Aviles, with her mother, Mrs. J. A. Swindler, playing the accompaniment. Charles Schmid, the possessor of a rich tenor voice, pleased his audience with two vocal selections, "Tommy Lad", by Maegerton, and "Lamps of the Dusk", by Gordon Bach Nevin, with Paul McKnight at the piano. The concluding number was rendered by a trio, namely, Mesdames Rankin Johnston, John Orr and Edward Freeman, who sang "Faith, Hope and Love" by Shelly. Mrs. Davis was accompanist.

Mrs. James Chalfonte of Wilkinsburg, president of the southwestern district of Federated Clubs, was present and gave valuable information on the different departments' work and told of the annual meeting of the southwestern district, to be held in Hotel Schenley, Pittsburgh, April 18, marking the last get-together before the fall season. Next introduced was Mrs. John Charles Runk, southwestern district chairman of art, who based her talk on "For Better Understanding, Use

Exhibits", referring to each department and urging the making of more scrapbooks.

The last speaker to whom the balance of the program was given over was Mrs. Florence McKelvey Clegg of Youngstown, O., who gave a most unusual and inspiring talk on "Side-lights and Education in Switzerland", where she spent two years. She went into detail on many interesting experiences while there, told of the customs, languages, the living habits of the people, of picnics, Geneva and the beauties of Switzerland. She touched on the old democracy and of the school system used there and numerous other phases that held continuous attention and from which much was derived.

Announcement was made that the regular board meeting would be held April 19 instead of the 18th as scheduled, and on April 20 the local clubs will be guests of the Youngstown, O. members. The club institute on April 27, with Butler county, will have on the reception committee Mrs. Glen Berry, Mrs. Jay Reed, Mrs. J. E. Rogers, Mrs. Ezra Marvin and Mrs. J. E. Rogers.

I. A. Williamson Tells Of Quake

Sends Photographs Of Damage Done At Long Beach By Recent Temblor

I. A. Williamson, former Croton resident, now located at Long Beach, sends a graphic word picture of the recent earthquake, and in addition, has sent some photographs of some of the damage done.

"We had just finished our evening meal and I had gone into the living room to read the evening paper, when the terrible shock occurred," he writes. "Mrs. Williamson had put the dishes in the sink, directly under the cupboard, and had started washing them, when the house began to shudder, then rock, and the dishes from the cupboard fell all about her, filling the sink with broken china and glassware. She said the sink seemed to try to come up and hit her on the chin. She tried to get to me and I tried to get to her, but our little house seemed to be alive and at every step, the floor seemed to come up to meet my feet. We met in the dining room, but I don't know yet how I got there, with the house rocking as it did, but it stood the shock well and is o. k."

"I went out, after the first shock was over, to turn off the gas and found the women folks in a high state of excitement. Being the only man among the six renters, I had some task to pacify them. There was very little damage done to any home on the lot, but about 150 feet away from our home, three big apartment houses were ruined. Fred Johnson, an old New Castle boy, was conducting a restaurant in one of them. He suffered some loss, but fortunately none of them were injured. A four-story apartment a little farther away was completely wrecked, both the front and back walls falling out. It had only been built two years, and was owned by a man formerly from Sharon, Pa. It made some noise when it crashed. Great clouds of dust added to our discomfort."

"After the first crash, there was no control over automobile traffic, machines were dashing every way at an unusual speed, blowing their horns, and this mixed with the sirens of the ambulances, fire trucks and police cars, made some din."

The way they ran it is a wonder many were not killed. Control was restored the next day when martial law was enforced.

"This is Friday, just one week since the big shock, and we are still having slight shocks. A great many people are still living out on vacant lots, doing their cooking along the curb."

"I can hardly make you understand, by writing, of the great amount of damage done. You would have to see it to believe it. The latest checkup shows 2,100 homes ruined, and as many as 12 schools will have to come down. Polytechnic high school, covering a complete square, is a total ruin, as are many of the churches."

"The California theater, where we often went, was a complete ruin. The walls bulged out, allowing the roof to come down. Had it happened three hours later or three hours sooner, many would have been killed. Had the schools been in session, there is no telling how many students would have been killed."

"They had to stop the sightseers, as they were coming in by the thousands. D. J. McCormick, wife and daughter were down to see us from Hollywood. He had to put up a story to get through. Bob Black drove in with Mrs. Bert Davis and her daughter, Mrs. Earl Waddington, to see if we were safe. We have had many calls and cards offering hospitality in the way of comfort and shelter, and we certainly appreciated all of this good fellowship. It is surprising how fast repairs are being made. It is giving work to many who sorely needed it, and it won't be long until we will be going along in the usual way."

AUTO INSPECTION PERIOD NEARS END

HARRISBURG, Mar. 22.—The compulsory motor vehicle inspection period ends next week. March 31 is the dead line. A three months' enforcement period becomes effective April 1. Owners of unregistered vehicles are asked by the Department of Revenue not to wait until next week to have their cars inspected.

In past campaigns some official stations have underestimated the last week's rush. The closing days found them without stickers. Station owners are asked to keep the department informed as to their needs. Requests for additional stickers will be complied with promptly.

Carnegie Employee Gets Fifty Year Gold Service Medal

William E. McLaughlin Proud Possessor Of Much Coveted Trophy

William E. McLaughlin, 602 Summer avenue, retired Carnegie Steel company employee, is today the possessor of the gold medal awarded by the United States Steel corporation to those employees who have lived to see 50 years of active service with the corporation or one of its constituent companies.

The medal was presented to Mr. McLaughlin at his home a few days ago, as he was in the course of recuperating from the serious operation of having a cataract removed from his left eye. The presentation was made by J. Clarence Miller as the representative of the corporation. Its receipt was most gratifying to Mr. McLaughlin and helped speed his recovery from the effects of his operation.

The medal is said to be one of three such medals awarded to employees of the corporation in this city since they were first awarded for half a century of faithful service. A little larger than half a dollar, it has on the face an excellent reproduction of the late Judge Gary, who conceived the United States Steel corporation, on the other side the replica of a steel plant and the name of the fortunate owner.

Mr. McLaughlin saw actually 51 years of active service, retiring in 1931. He was first employed by the American Tube & Iron company at its plant in Middletown, Pa., in 1880. This plant was absorbed by the United States Steel corporation. He was employed there until 1886, when he with other young steel workers were sent to Youngstown to work in a new plant there. From that city he came to New Castle in 1888

and continued at the New Castle works of the Carnegie Steel company until his retirement in 1931. He was employed as a roller in the blooming mill.

In speaking of his years of service at the New Castle works, he recalled very distinctly the flood of 1913, when he and the late Henry Mills, at the risk of their lives, crossed the small bridge over the raging waters of swollen Neshannock into the plant, on the afternoon turn, the last the plant operated until the flood subsided some five days later. As far as Mr. McLaughlin was able to tell, he and William Jones and a lady named Mrs. Smith, who resided near St. Vitus church, were the only New Castle people ever to be awarded this medal.

The report shows: Balance, January 1, 1932, \$15,085.48; receipts for 1932, \$24,970.06; disbursements for 1932, \$26,199.08; and balance January 1, 1933, \$13,856.46.

THE GOVERNOR SAYS

(Continued From Page Four)

will last for any specified length of time. All it means is that we should provide \$20,000,000 now, with the hope that times will improve.

And whatever Pennsylvania does provide should be made available for the State Emergency Relief Board to spend as needed and not be divided up month by month in advance.

I want to say again, as vigorously as I know how, that we do not know what is ahead of us, and that federal help will surely come if we do our part. Therefore it is not necessary that Pennsylvania taxpayers should be asked to give all the money we shall need, and it is not necessary that we should provide now for the whole of the next two years. Let us give ourselves at this time the benefit of the doubt.

But what is absolutely necessary is that the legislature should get down to business and provide relief—provide what is fairly Pennsylvania's share at this time—and do it at once.

And do it without new taxes on our people, and without sacrificing the interests of the people for political jobs.

Why on earth should the interests of any political organization be put ahead of the interests of the people in a time like this? Why on earth should you pay more taxes than are necessary in a time like this for the sake of jobs for a political organization? Are such jobs more important than you are, or are you more important than the jobs?

I think you and I will agree on the answer.

"My stockings always FLATTER MY LEGS"

Every Girl can share Virginia Snyder's simple secret

"I'VE LEARNED how to keep my stockings beautifully smooth fitting," says pretty Virginia Snyder—"so that they cling with flattering snugness, make my ankles look slimmer, my legs more shapely. I wash them every night in Lux."

Lux keeps stockings perfect in fit because it's made to preserve elasticity. Your stockings stretch, then spring right back into shape. When you save elasticity, stockings wear better, too, because they give instead of breaking into runs. Lux your stockings after each wearing. It takes only 2 minutes!

It's Elasticity that makes stockings Fit and Wear—don't destroy it!

Avoid ordinary soaps—cakes, powders, chips. These often contain harmful alkali that tends to destroy elasticity, weaken threads, fade color. Lux has no harmful alkali. Anything safe in water is safe in Lux.

LUX saves stocking Elasticity

VIRGINIA SNYDER says: "With Lux, your stockings don't wrinkle and sag. Seams stay straighter, and stockings wear better, too."

Small Balance In Federal Road Fund For Pennsylvania Nearly 450 Miles Of Federal Aid Road Now Under Construction In State

By ARTHUR C. WIMER Special Washington Correspondent New Castle News WASHINGTON, D. C., Mar. 22.—On the first day of March Pennsylvania had in her federal aid highway fund a balance of only \$34,232 available for new road projects, the Bureau of Public Roads reports. On that date a total of 3,166.9 miles of federal aid highway had been completed in the Keystone State. In addition, 447.3 miles were under construction and 25 miles had been approved for construction. The 447.3 miles under construction will cost \$11,949,794, according to estimates. Of this amount, \$3,490,400 will be paid by Uncle Sam and the balance by the state. Estimates place the cost of the 25 miles approved for construction at \$771,311, of which \$294,259 will come from the federal government and the remainder from state vaults. The \$34,232 balance in the Penn-

sylvanian road fund on the first of the month represented money available for new projects, the federal allotments for the road under construction and approved for construction having been already deducted.

Coal Operators In Western Pa. Seeking Action

Appeal Is Sent To President
Roosevelt Today By
Western Pa. Men

URGE SLASHING OF "RED TAPE"

Eastern Ohio Coal Mines
Are Taking Advantage
Of Lower Rate

(International News Service)
PITTSBURGH, Mar. 22.—Seeking immediate action, an appeal of Western Pennsylvania coal operators urging a slashing of "red tape" in a rate case before the Interstate Commerce Commission was sent to President Franklin D. Roosevelt today.

Their case, which protests the tariff structure that favors Eastern Ohio coal operators, was filed with the I. C. C. last October. A. S. Boden, secretary of the Western Pennsylvania Traffic Bureau said an appeal had been telegraphed the president because no decision appears imminent. He added:

"No Hope of Decision.
"There is no hope of a decision for six or eight months unless something jars the commission loose from red tape. The delay means a loss of several million dollars to the Pittsburgh district and the throwing of thousands of men out of work."

The bureau filed its complaint after the Pennsylvania, Baltimore and Ohio, and Pittsburgh and Lake Erie Railroads cut their rates between Ohio mines and five important Ohio cities to 39 cents a ton lower than the cost of shipments from Western Pennsylvania to those cities.

The five cities, Akron, Canton, Cleveland, Lorain and Massillon, Boden stated, are farther from Ohio mines than those of the Western Pennsylvania area. While competing against the Ohio districts, with a 10-cents-a-ton difference in freight rates, 4,250,000 tons were shipped to the five cities from this district, Boden said.

Shipments Drop.
Since the new rate structure went into effect, Boden asserted, the shipments from this district dropped 50 per cent while traffic between Ohio mines and the five cities increased 450 per cent. The carriers, according to Boden, admitted at a rate hearing in Columbus that they were discriminatory and unlawful but refused to do anything.

Unable to go to court in the situation, the coal traffic bureau sought the aid of the Interstate Commerce Commission, which required 34 days to hear the case in Columbus and Washington. The bureau will file its brief until next month, Boden explained, and following this the commissioner's examiner will spend two to four months before writing his report. Another 30 days must then elapse for filing exceptions before oral arguments are heard and then the commissioners would probably deliberate for the three months before giving an opinion, Boden predicted.

Cannot Compete.
Boden further explained that although in most cases the Western Pennsylvania mines are 25 to 40 miles closer to important Lake Erie ports, Ohio operators enjoy the same rates and therefore can compete with the colliers in this section.

Week More Remains

Maybe you've never seen your friends perform in a circus before, but during the three-day showing of the Sore Paw and Dinglehoof "big top" coming to the Y. M. C. A. here, it's nine to one that you'll get a chance to.

At the Y's indoor show on March 30 and 31 and April 1, local talent will furnish every bit of the entertainment, say those in direct charge of the show.

For several days practice sessions have caused a roar of excitement around the Y. M. C. A., as the acrobats, tumblers, clowns and other performers rehearse their comic parts. Fourteen acts and a play will make up the indoor circus program.

One week from tomorrow night, March 30, the circus folk make their first appearance before what early ticket sales indicate will be a packed house. On Friday night a second showing will be given, while a children's matinee will occur on Saturday afternoon.

The Y. W. C. A. and Y. M. C. A. are sponsoring the show as a benefit.

"Gentlemen, the price is \$97 until material costs go up . . . But there can be no compromise on quality"

Now You Can Buy This Standard FULL Size, FULL Power

KELVINATOR for \$97.00

INSTALLED
Plus Freight

THIS is not a "built-to-a-price" model. It is a standard 1933 Kelvinator, with over four cubic feet of food capacity.

It is a beautiful, quality-built electric refrigerator. It is quiet-running, economical—good for a lifetime. Its gleaming porcelain-lined interior has room for all the food the average family needs. Its freezing trays hold a generous supply of ice—or delicious frozen desserts.

It carries all the standard Kelvinator guarantees. It represents no compromise in performance or in quality.

To-day's Low Costs Brought This Opportunity

While materials can be bought at present low costs the price of this Kelvinator to you will be \$97, installed, plus freight. We guarantee this price for 40 days.

If, at the end of this period, we have to pay more for materials (and we hope we will, for that will mean better times for you and us and everybody else), we

will have to advance the price. We shall not cheapen the refrigerator.

No Compromise on Any Detail
You can know that there has been no compromising on quality—no substitution—no cheapening of the product to make possible a low price.

The public expressed a desire for a good electric refrigerator at a price of \$100 or less. A number have been built down to this price, but people looked at them—some have used them—and found them wanting.

Now, for the first time, a pioneer manufacturer—in fact, the oldest manufacturer of electric refrigeration for the home—picks from its brand new 1933 line a beautiful, full sized, full powered standard model, and says, "The price is \$97."

There is only one condition to this offer—one important thing to remember. The \$97 price is guaranteed for 40 days only. We have enough materials already bought to protect that promise. After they are gone, we can't say.

BUT THIS PRICE IS
GUARANTEED
FOR 40 DAYS ONLY

Having an abundance of power, it runs only about a third of the time. This means longer life, less wear and greater economy. It actually uses less electricity than other compressors having but a third of its capacity. And it is quiet—remarkably quiet—the result of fine engineering and precision manufacturing. No compromise here.

Many Important Features—The door is massive and fully insulated. The modern hardware is chromium and the exterior finish of the cabinet is a gleaming "permanent white" lacquer enamel. There is a Temperature Selector with 8 freezing speeds and Kelvinator 3-Zone Cold gives 3 distinct types of refrigeration in the one cabinet. And there are many other features which give this model greater value and utility. No compromise here.

Easy Terms—Here is unquestionably the greatest value on the market today. A full sized, full powered, full quality standard Kelvinator at a price everyone can afford to pay—especially on the easy ReDisCo Monthly Budget Plan, where the monthly payments are actually less than the money you save on the saving of foods (otherwise spoiled) and quantity buying. See it now. And get yours before prices go up. (K-1716-5)

A Word to Prospective Purchasers of Electric Refrigerators

"In the building of this refrigerator there has been no compromise on the Kelvinator standards of the past 19 years. It possesses the same high quality and performance found in every Kelvinator model, whether priced at \$97 or \$1,000. It could not be otherwise, for this is a standard Kelvinator."

G. W. MASON
President, Kelvinator Corporation

Constant Cold While Defrosting—Another exclusive feature is the compensating defroster—the unique engineering device which permits refrigeration while defrosting the unit. Ice cubes remain hard, food safe. No compromise here.

Full Size—The cabinet is large, roomy, beautifully designed. And behind it is more than half a century of cabinet building experience. It is a heavy one-piece steel exterior over a rugged steel frame. It has 2 1/2 inches of Kelvaflex insulation all around—2 1/2 inches of water-proofed, odorless insulation to keep the heat out and the cold in. Substantial. Permanent. Non-destructible. The full size of the cabinet permits it to be fully installed. No compromise here.

Constant Cold While Defrosting—Another exclusive feature is the compensating defroster—the unique engineering device which permits refrigeration while defrosting the unit. Ice cubes remain hard, food safe. No compromise here.

SUNDAY SPORTS BILL HANGS FIRE IN STATE

House Refuses Senate Changes

Referendum Feature Of Senate Is Turned Down By House

CONFERENCE MAY BE GIVEN PROBLEM

By WILLIAM J. KELLY
International News Service Staff Correspondent
HARRISBURG, Mar. 22.—Revived after its life had been despaired of, the Schwartz Sunday sports bill was kept on the legislative gridiron today after the house refused to accept amendments made by the senate.

Its fate was to be rested with a conference committee of both branches unless the house in the meantime decides to take what it can get while the getting is good.

Passed by the senate after being amended to permit referendum on the question of legalizing Sunday baseball and football, the bill swung back to the lower branch for concurrence, but favorable action was not forthcoming.

House Denies Approval.

As if failing to recognize his own child, Rep. Louis Schwartz of Philadelphia, sponsor of the original bill, denied paternity and moved that the house refuse to agree to the operations performed by the senior branch. To the last man, the house membership lined up behind Schwartz and denied the approval that would have sent the bill to Gov. Gifford Pinchot.

The bill sailed back to the senate with a message of its unfavorable reception. This body, which first defeated it 26 to 24 and then passed it in revamped form, was expected to shoot the bill back to the house with insistence that the amendments be accepted.

May Have Conference.

It was anticipated the house would then do some more insisting itself and that action opens the way for the appointment of a conference committee composed of three members of each branch. If they agree, the committee report is presented to each house and if accepted the bill goes to the governor. If they fail to agree, the bill dies.

While some onlookers termed the refusal of the house a mere gesture of displeasure, others were preparing a funeral "amen" for the bill.

As the Schwartz bill passed the lower branch it would permit Sunday outdoor sports, except boxing and wrestling, immediately. The referendum could be held later. The senate reversed this procedure, making

Sabbath games impossible at least until the people got a chance to vote on the question in November.

Names Conference.
HARRISBURG, Mar. 22.—Speaker Grover C. Talbot today named the conference committee on the part of the house to meet with senate representatives in an effort to reach an agreement on amendments to the Schwartz Sunday sports bill.
Those named were Rep. Louis Schwartz, Philadelphia, sponsor of the bill; Rep. Joseph G. Steedle, Allegheny, and Rep. Wilson G. Sarig, Berks, Democratic floor leader.

Schwartz today denied knowledge of any plan to have the disputed measure killed in conference committee.

He said his purpose in rejecting senate amendments and sending the bill to a joint committee was to clarify it and make the text readable. He explained that the amendments were so extensive that the continuity of the text was virtually destroyed.

Legislative practice in eliminating words and phrases in a measure merely to bracket the eliminations and leave all the type remain. Schwartz contended the text was now so full of brackets that it was hardly understandable.

'SCRATCHY' PENS AT POST OFFICE NOW ARE TABOO

It appears that post office patrons here won't get a chance to become furious over the lobby desk pens.

So that they won't, Postmaster Lake S. MacNab moved this week to replace the worn pens with new ones. And they'll be kept replaced when they get a bit scratchy.

MacNab said post office caretakers have always changed pens here every few days—so that new "pen point deal," ordered by Assistant Postmaster General Evans, won't be altogether new here.

Farm Relief Bill Would Be Costly To Pennsylvania

By ARTHUR C. WIMER
Special Washington Correspondent
New Castle News
WASHINGTON, D. C., Mar. 22.—The Roosevelt farm relief bill now in congress would cost the consumers of Pennsylvania more than \$91,547,000 annually, according to estimates prepared from government experts by Senator Frederic C. Walcott, Connecticut Republican.
The farm bill, according to Mr. Walcott's information, would place a tax burden of \$91,547,000 on the consuming public of the Keystone State. In return, farmers of the state would receive through the relief program benefits totaling only \$11,552,000.
The bill proposes to pay to farmers raising nine leading commodities the difference between market prices and fair values determined by the secretary of agriculture. The money with which to pay these subsidies would be collected from the processors of the products, who in turn would pass this penalty on to the consuming public. Strenuous opposition to the measure is expected in congress.

Congressman J. Howard Swick is opposed to the bill. He is ready to back President Roosevelt in economizing but believes it is foolish to save money and then turn around and authorize the expenditures of additional millions and the increasing of the tax burden of the people.

Depot Work Draws Near Completion

Work on the P. & L. E. depot is moving along steadily and is very near completion. The work is confined on the passenger waiting room, the underground work being finished.

The city will improve the stretch of ground next to the Mahoning Trust Company on North Liberty street to Ashland avenue and this will be used as the entrance to the station parking grounds.

Observations In 7th Ward

A local chap suggests that a society for the prevention of cruelty to crouches be organized. Says gardeners plant their crouches too soon, Jack Frost comes around and gives them a vicious nip in the ears (petals, we means), and the poor crouches curl up in despondency through no fault of their own. The S. F. P. C. C. could help matters, it seems.

It was a perfectly practical idea, but presented an odd sight. A prospective gardener was out in the snowfall yesterday turning over the ground with a spade, at his garden plot on Moravia street at the viaduct.

"Am widening the store two inches." That was a local merchant's way of saying that he was cleaning the wall paper.

DISORDERLY CONDUCT
James Russo and Alphonso Russo were arrested in this ward Monday by Constable Joseph Russo and were charged with disorderly conduct before Alderman H. G. Coates. In default of fine the young men were given a 10-day sentence in the county jail.

Third Session Of Institute

Interesting Leadership Training Session Is Held On Tuesday Evening

The third of the five session Leadership Training Institute convened at the First Baptist church Tuesday evening with splendid attendance and growing interest.

Dr. N. A. White, pastor of the First Methodist church, continued the Church History course his theme being "The Origin of the Papacy and Condition of Church in the Middle Ages". The human frailties of the church during this period, which were later overcome to a large degree, Dr. White stated, proves that the church is a divine institution. This period of Church History was presented in a very interesting and instructive manner and lead up to the Reformation which will be taken up at the next session.

Rev. C. H. Heaton, pastor of the First Baptist church, continued the Christian Psychology course in his forceful manner taking up the var-

ious philosophies that were contrary and against christianity. After taking up their claims he showed the fallacies and are furnished with lecture notes so that all attending may have the gist of the course in convenient form for reference. This has been a thought-provoking course throughout, and in a few cases where a lecture was missed the notes have been requested.

Thursday, March 23rd the Church History course will have for its instructor Rev. J. Ralph Neale, pastor of the New Wilmington United Presbyterian church. Rev. Neale's theme will be "The Reformation in and Beyond Germany" and he is especially qualified for this since he specialized in this period of Church History at Princeton.

The Christian Psychology course will be continued by Rev. Heaton. This institute is under auspices of the Lawrence County Sabbath school association.

Gelder Proposes Highway Bill In Senate Session

Would Have State Take Over 500 Miles Of Borough And Township Roads

(International News Service)
HARRISBURG, Mar. 22.—Approximately 500 miles of borough and township roads would be taken over by the state under a bill Senator Frederick T. Gelder, Susquehanna, had before the senate today.

These roads, which serve as connecting links for the 20,000 miles of highway adopted by the State department in 1931, would be improved and maintained at the cost of the state.

The proposal is along the lines of the recommendations of Gov. Gifford Pinchot that the state take over 53,000 miles of roads.

Ross-Petrolle Fight Tonight

Chicago Fans Hope To See
Great Bout Tonight As
Clever Boys Meet

By JOHN C. HOFFMAN
International News Service Sports
Writer.

CHICAGO, Mar. 22.—Occasionally though not too often, some gentleman of the science of boxing and sitting into championships is required to do some fighting. Such an occasion will be enacted tonight at the Chicago stadium, where Barney Ross and Billy Petrolle are expected to do some fighting.

Joe Foley, the promoter, tells us there will be some 15,000 paying customers on hand for the bashing. We hadn't noticed it in the rush for beer and banks, but not since the gutter that precipitated the guttural emissions of London and Stecher here has there been such a goggle among the cauliflower clientele.

Opinion Changes.
Only yesterday they were making Petrolle, the peril of all youth and ambition, a favorite to whip the upstart Ross. But today they are not so sure. Petrolle did not look impressive in the gymnasium, but of course he will not be doing his fighting tonight in the gymnasium.

For the first time since he began taking money for fighting, Ross will be required to take a few belts on the chin that may crackle his instep a bit. It is still agreed among the wise that if Ross can "take it" he will live to whack the Fargo Express into comparative submission.

It did not take long for Patsy Perroni to flatten Larry Johnson of Chicago last night in a Cleveland ring. In fact, Patsy, with hand from Canton, required only one minute and 16 seconds.

Johnson was floored three times before the stoppage ended the fight. Frankie Simms scored a technical kayo over George Pavlik in the fourth. Bucky Lawless outpointed Marty McHale in six rounds. Henry Palmieri stopped Jack Pettit in one round and Al Gatchell outpointed Gene Stanton in six stanzas.

Beaver Falls won the championship of the Penn-Ohio League last night at Butler by defeating Penn Drakes, 23-22, in a game that went three extra periods.

Metcalfe flashed over the distance in six and two-tenths seconds to set a new record in Canada. Glenn Cunningham won the two-mile race in 9:39.6. He beat Lloyd Longman of Toronto.

Drops Jackie Twice Johnny Kusic Wins 10 Round Bout From Hernandez Midway Loses Bout

As Jackie Hernandez of Cuba, treat Sammy Harris of Akron, likewise did Johnny Kusic of Youngstown treat Hernandez when they fought in a 10 round bout here September 9, 1929. Kusic dropped Jackie in the first and again in the seventh and won the award by a fat margin.

One of his long rights crashed against Jackie's jaw in the first round and down went the Cuban. He got up without taking a count and for the next several rounds it was a rather even fight. In the fifth the tide swung to Kusic.

He put across another long right that caught Hernandez above the right eye. A nasty gash resulted. The blood flowed into Jackie's eye and impaired his vision. He was put further at ill ease when Johnny floored him in the seventh. Up got Jackie again without a count.

From then on until the bell ended the scrap Kusic was on the battering end and Jackie knew he had been in a fight when he left the ring.

Mickie Solomon of New Castle and Chuck Zelneck of McKeesport fought six rounds to a draw in the semi-final bout.

The Nick Martin-Joe Midway bout was a brawl and the fight was stopped in the sixth with the blond boy, Joe, on the floor.

Joe put Martin down in the fourth. He was rolled by Nick in the fifth, took a count of nine and was hit with a left and downed for another nine. He got up and Nick

HOLDING WELL

(International News Service)
NEW YORK, Mar. 22.—Reaction
continued to rule the stock market
today as further pressure on the
utilities continued to weigh the list
down.

An additional unsettling factor
was a heavy tone in the rails.
Outside markets were heavy also.
Bank stocks weakened further and
the dollar eased.

American Telephone bore the
brunt of the selling in the utilities
and slumped nearly 2 points before
meeting any support. Consolidated
Gas was steadier after its recent
weakness.

Union Pacific broke more than
2 points before showing any rally-
ing tendencies.

Liquidation in Secony Vacuum
depressed the oils as well as the
chaotic price and production situa-
tion. Loew's broke to a new rec-
ord low.

Gold stocks staged their usual
rally as the rest of the market went
down and Homestake Mining spur-
ted more than 4 points.
Steel shares were supported by
the weekly Iron Age Review which
predicted an improvement in the
industry.

Pennsylvania Hopes To Be-
come Eligible For Slice

R. F. C.

HOUSE SESSION
IS EXTENDED

(International News Service)
HARRISBURG, Mar. 22.—Legis-
lation to cover unemployment re-
lief needs of the immediate future
was speeded today in the assembly
so that Pennsylvania will be eli-
gible to receive supplementary aid
from the Reconstruction Finance
Corporation at an early date.

The house appropriations com-
mittee reported favorably the Tal-
bot bill providing \$2,000,000 for re-
lief in April and May the money
could be used for either direct or
work relief and would be distributed
by the emergency relief board un-
der the existing system.

Bill Gets Reading
The house departed from usual
procedure and on motion of Rep.
J. G. Steele immediately gave the
measure first reading. It now goes
on to the second reading calendar.

Speaker Grover C. Talbot, sponsor
of the bill, announced that the
house will stay in session until to-
morrow; it will be the first Thurs-
day meeting of the year. The sen-
ate had announced no definite plans
at the time.

The lower branch laid over for
printing a resolution calling on the
state emergency board to furnish
information concerning the salar-
ies paid and the expenses incurred
in the distribution of relief to the
unemployed. The resolution was
sponsored by Rep. Welsh, Fayette.

Michigan Banking
Holiday Extended

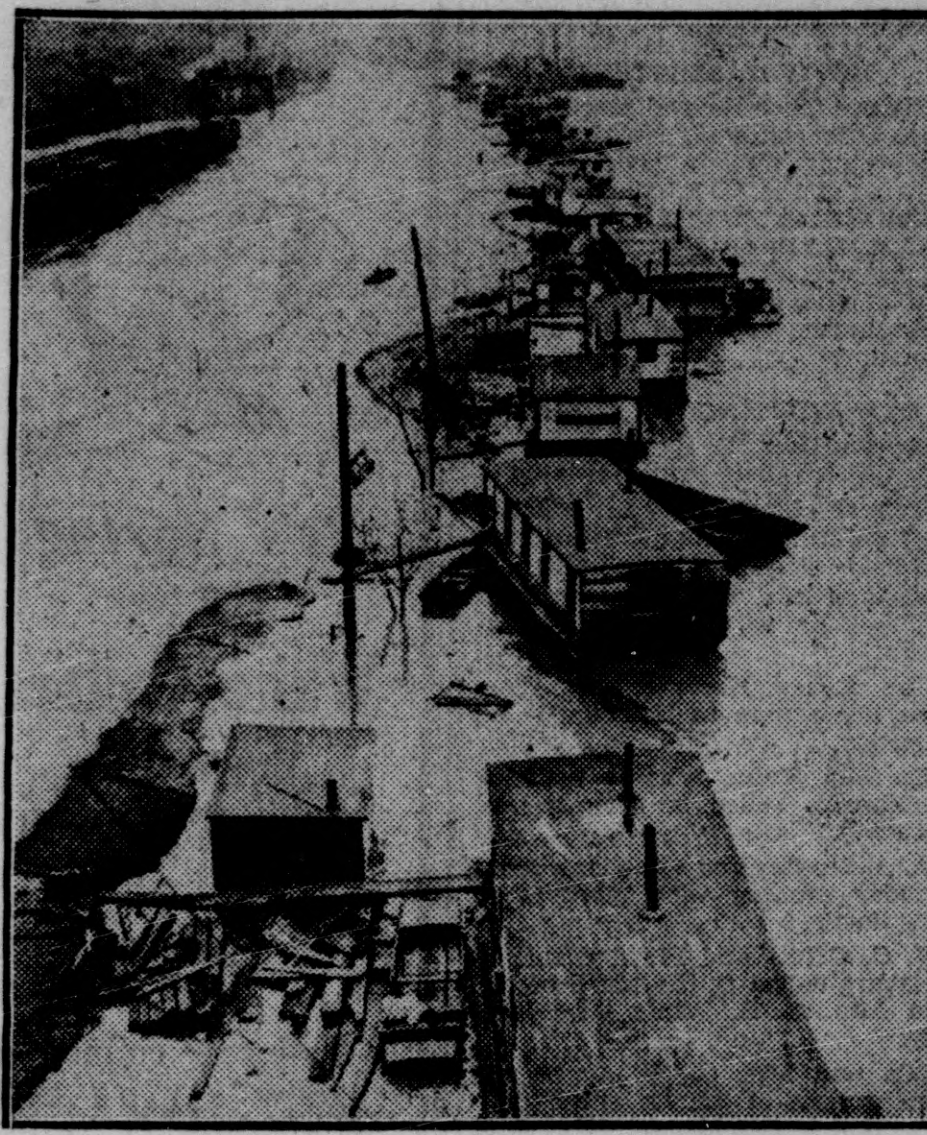

(International News Service)
LANSING, Mich., Mar. 22.—Main-
taining the state's iron control of
banks, Governor William A. Com-
stock today issued a new proclama-
tion extending Michigan's bank
holiday indefinitely.

The edict, however, provides for
re-opening of banks as they are li-
censed by either the federal gov-
ernment or the state commissioner
of banking.

Ohio River at New High-O

When the Ohio River went on a rampage recently, the waters rising five
feet above flood level, many riverside dwellers woke up to find them-
selves in a situation somewhat resembling Venice. This picture, made
from the air, shows how bungalows and houseboats on the waterfront
at Pittsburgh, Pa., were completely cut off from the mainland. Large
tracts in Pennsylvania, West Virginia and Ohio were inundated by the
overflow from the river.

Ladies In Auto

Car Overturns On Highland
Avenue—Volunteers Fix
Car After Mishap

As Mrs. Carrie Swanson and
mother, Mrs. Edward Pink, of 215
Garfield avenue, were enroute to
the business district about twenty
minutes to nine o'clock this morn-
ing, in an automobile, they had a
very narrow escape from serious in-
jury, when the car skidded into the
curb between Moody and Laurel
avenue on Highland avenue and
overturned.

The machine was in the street
car tracks and Mrs. Swanson man-
aged to swing it out of them, when
the car began to skid on the very
slippery pavement. The front wheels
of the machine went up over the
west curb of Highland avenue, but
the left rear wheel struck the curb
with great force as the rear of the
machine skidded around. The wheel
was badly crushed and the car top-
pled over on its side.

Mrs. Swanson shut off the igni-
tion and began to blow the horn of
the car for assistance. Many men
responded and soon had the ma-
chine up on its wheels, releasing the
women. Mrs. Pink was thrown on
top of her daughter when the car
overturned, making it impossible for
either to move.

Two men took off the broken
wheel and put on the extra wheel,
and another young man drove the
two ladies on down town to their
destination, both of whom were suf-
fering greatly from the shock but
apparently otherwise uninjured.

The car crashed into the curb only
about two feet from an electric light
pole. Both ladies were so nervous
and excited that they failed to
thank those who helped them and
asked. The news to express their
sincere appreciation of the assis-
tance given them.

Amateur Play Group
Entertains Kiwanis

The Playmakers Score At Noon
In Mystery Offering
Before Clubmen

The Playmakers, New Castle's
newest amateur group of thespians,
made an impressive public debut
this afternoon when they appeared
before the Kiwanis club in a one-
act mystery play, "Cross Examined".
It marked the first play the group
has given.

Playing the roles in a most cap-
able manner were four former sen-
ior high school dramatic stars, in-
cluding Miss Pauline Rodgers, in
the role of Mary, the maid; Miss
Doris Undergraff, as Mrs. Trent;
Walter Thorne, as District Attorney
Trent, and Carmi Preston, as the
commissioner of police. The scene
was laid in the district attorney's
apartment.

Kiwanian Thomas Blake intro-
duced the players to the club, while
Harry Hammond assisted in making
the play arrangements.
A letter from Principal F. L. Orth
and Boys' Work Secretary W. A.
Thomas of the Y. M. C. A., convey-
ing the appreciation of the two for
the help the Kiwanians gave in the
school's annual "Move Up Forward"
drive, was read by Julius Blaha.

Kiwanis' part in the Kiwanis-
Lions minstrel show of March 30
was told in announcements which
C. A. Bolen and H. L. Marvin gave.

U. S. Looking For
Trade Advantages

(International News Service)
WASHINGTON, Mar. 22.—Euro-
pean debtors must offer the United
States definite trade advantages be-
fore congress will consider reduction
or cancellation of debts, in the
opinion of Rep. Joseph Byrns of
Tennessee, Democratic leader of the
house.

Denying any knowledge of reports
that President Roosevelt would ask

Roosevelt Asks
For Opinion On
Prisoner Freeing

Would Free All Prisoners
Serving Terms For Liquor
Law Violations

(International News Service)
WASHINGTON, Mar. 22.—Presi-
dent Roosevelt has asked Attorney
General Cummings for an opinion
concerning the release of prisoners
now serving sentences in federal
prisons for violations of the Vol-
stead law in relation to beer, fol-
lowing the advent of legalized beer
on April 7.

Governors of several states have
released prohibition prisoners fol-
lowing the repeal of state enforce-
ment acts.

The President forwarded to the
attorney general several newspaper
clippings concerning such acts of
executive clemency requested by
Cummings for an advisory opinion
concerning federal action.

Library To Help
In Distribution
Of Used Puzzles

If Enough "Jigs" Are Donated,
Library Will See They
Are Circulated

The New Castle free public li-
brary has already been presented
with one jig-saw puzzle, Miss Alice
Sterling, librarian, stated this
morning and it is very probable
that more will be donated in com-
ing weeks. That used puzzles be
left at the library or at the office
of Julius Blaha is the plan suggest-
ed by a local young man and that
they then be distributed to people
who are shut-in or confined to their
beds.

Miss Sterling is cooperating with
the plan and offers to loan the
puzzles at the New Castle and
Jameson Memorial hospitals on
somewhat the same plan as books
are loaned out at those places. The
hospitals are visited every Wednes-
day and Thursday by library staff
members and a moving shelf of
books is taken into each patient's
room. The puzzles could be dis-
tributed along with the books, and
retrieved when they have been solved.

Miss Sterling also suggests
leaving a few puzzles at the Mar-
garet L. Henry children's home. All
this can be done if people of the
community respond to the call with
donations of their solved puzzles.

Labor Opposes
Roosevelt's Plan

To Make Vigorous Fight On
Wages For 250,000 Men
To Get Jobs

(International News Service)
WASHINGTON, Mar. 22.—Organ-
ized labor today mapped out a vig-
orous fight to rewrite the Roosevelt
reforestation-unemployment bill to
provide a "living wage" for the 250-
000 men the president expects to put
to work.

President William Green of the
American Federation of Labor notified
the house labor committee that
he will appear as witness in opposi-
tion to the bill.

With sentiment in congress divided
over the first phase of the three-
point unemployment relief program
of the president, Chairman Connery
(D) of Massachusetts called the
house labor committee into session
to chart its course.

Secretary of Labor Frances Per-
kins is slated to appear as the first
witness in behalf of the measure.

The bill brings to the front again
a cleavage which began when Presi-
dent Roosevelt appointed Miss Per-
kins secretary of labor despite the
demand of Green that a representa-
tive of organized labor be named to
the post.

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

Sweet spring. Tra la la la and all that sort of jolly old pudding. Sweet spring today looks like a winter pastoral, or the original of Whittier's well known poem. Instead of wild crocuses crocusing at your feet, there's a death slide of ice and snow.

Somebody got mixed in their dates or else the shy little miss we knew as spring has turned wild on us. As the matter stands now it looks as though spring was farther away than she was in February.

But even with all this weather it looks good to Mr. and Mrs. Albert Russell, who are back visiting. Their home now is in Los Angeles but after shaking hands with an earthquake recently they decided to come back to Pennsylvania for a time.

Seems you can't find perfect conditions anywhere. California is beautiful but they have earthquakes. Florida is lovely but they have tornadoes, the lower Mississippi valley is a garden spot but most any morning you're liable to wake up and find old Missip parked upon your back door.

Almost seems as though Pennsylvania has right smart weather. A bit chilly in the winters, sure, a bit muggy in early spring, but you can always be sure that the weather is playing with all the cards face up.

And if our geological friends know their onions, the Alleghenies got through their skittishness many centuries ago which means that we'll have no shenanigans from them.

About those second hand jig-saw puzzles. The idea of giving them to the hospitals and children's homes has been well received, and all you need to do to help is to leave them in the public library or call Jack Dickson or J. V. Blaha.

The floor pictures of 1913 in The News office are attracting a lot of attention these days, especially to people who are under 30 years of age. Somewhere in the city there must be pictures of the boats that ran down Washington street, of the island of dry ground that was at Mercer and Washington streets.

Funny how things shift. A week or ten days ago some lads I know were looking askance at the scrip the banks issued here and wondering in a quiet way if it would be good. Now they are half sure because the issue has been retired and they didn't get any for souvenirs.

New Wilmington

HIGH SCHOOL NOTES

The cast of the Senior class play is rehearsing daily for the class play "Nobody But Nancy," a farce comedy. Edwin Anderson, head of the English department is coaching the play and as yet has set no certain date for the presentation but it will no doubt be given early in April. Those chosen by Mr. Anderson for the cast are: Helen Hartwell, Lawrence Kaufman; Harriet Robinson, Dortha Moore, Donald Rose, Dale Lundy and Alice Freeman.

Plans are being made for a reception to honor the high school teams of 1933. Nothing definite has been revealed but it seems a certainty that the two teams will be honored at a banquet to be given soon. No two teams were more deserving of high honors than those that represented New Wilmington High on the hardwood this season. The boys rode through merrily to top county honors while the local lassies played real ball to emerge in third place. The boys will be minus the services of Sharp McMain, McCrumb, Rose, Axe and Thompson, when next season rolls around and Coach Hutchison will be taxed severely to produce a ball club of this year's calibre. The Misses Means, Hart-

well, McLure and Moore will play no more basketball for New Wilmington High and it may prove difficult to fill their shoes.

REVIVAL SERVICES

The Old Time Revival services got off to an encouraging start on Sunday evening when a goodly crowd gathered at the M. E. church at the initial sermon of the series. The Rev. E. D. Hulse delivered an inspiring address. Prior to the sermon of the evening, Rev. Hulse spoke to the boys and girls of the community.

Emma Anderson Tells Of Quake

Former Missionary Writes To H. D. Anderson, This City

Miss Emma D. Anderson, who for fifty years was a missionary in India, and who at present is on vacation in California, sends to H. D. Anderson, of 725 Cunningham avenue, an intensely interesting account of her experiences in the recent earthquake. Her letter, in part, follows:

"Wednesday afternoon I took the bus for Long Beach. It was a two hour ride. Mrs. Hope, the pastor's assistant, met me and I was soon at her home. She and her mother, both widows, live together.

Friday a. m. I rested and wrote. In the evening we went to call on some "shut-ins" and old friends who would not be out on Sabbath. We were returning home at 5:55, were on a main downtown street when suddenly without any warning the machine began to sway and plunge and everything about us was swaying. Glass globes were breaking, bricks falling and I said "Earthquake!" It lasted 30 seconds. It seemed like minutes instead. Mrs. Hope knew the machine was out of control, thought the wheels were off. It was a queer sensation. We were afraid to move and afraid to stay because of falling buildings. At last we moved on to see on every hand broken buildings and ruins. In some apartment houses the whole side was out and for could see the furniture and furnishings.

We sat in our car until midnight. Mrs. Donna got cold as a fog came up. Mrs. Hope and I got some blankets and curled up and rested in the machine. It was a long hard night. Siren calls all night, airplanes hovered over the city to watch for fires. We got a warm drink by electric toaster next morning. Mrs. Hope and I went downtown to see how things were. We slept in the machine for three nights. It was a dreadful nervous strain waiting for quakes to come."

The chaos that has prevailed recently was due in his opinion to the fact that the representatives elected by the people had usurped the rights and privileges of the people, telling them what they could do, rather than doing what the people desired.

He declared that should the people now follow the teachings of God, regardless of the manner or form of their Christian training, that they would not only be led out of their present darkness and distress but be enabled to go ahead to bigger and better things.

The club was extended an invitation to visit the Food Show and Home Beautiful Exposition at The Cathedral. Attorney Frank Moretti read a letter from the Taxpayers League, asking the full co-operation of The Wolves in its activities and seeking the endorsement of the organization. Attorney Moretti as chairman of the Committee on Public Affairs was delegated to inform the league that it would co-operate in so far as such co-operation was for the benefit of the community and did not mean participation in politics or religious discussions.

The Rainbow Bible class of the Oak Grove church met Saturday afternoon at the home of Mrs. Madeline Crutcher for their regular monthly meeting. The business meeting was in charge of the president, Miss Esther McConnell. Mrs. Ella Harlan led the devotions. Piecing patches was the work of the afternoon. Delicious refreshments were served by the hostess, assisted by her mother, Mrs. Ross McDevitt. Those attending were Mary and Elizabeth Stoner, Mrs. Mary and Mrs. McConnell, Mrs. Harlan, Mrs. McClelland and the hostesses. Visitors, Leona Eckert and Mrs. Fitzgerald and son Leon.

L. B. Round Speaks At Wolves' Meeting

Gives Highly Inspirational Address At Dinner Meeting Of Wolves Club

Meeting of The Wolves club held last night at The Castleton proved one of the most interesting dinner meeting events that has been held in some time under the auspices of the club. Dr. Warren V. Massaro, president, presided.

Louis B. Round, vice-president and general manager of the Pennsylvania Power Company, was the guest speaker, and was most fittingly introduced to the membership of the club by Peter P. Capitolo at the request of A. N. Carbon, chairman of the entertainment committee.

Mr. Round most fittingly took as his subject present day conditions, their causes, their effect and their cure, as he sees it and his remarks were so interesting that he held his audience to close attention for more than thirty minutes and was accorded a rising vote of thanks by the members at their close.

Telling of the fact that he was not a native of this country and how he came here as a lad of fifteen years of age and appreciated the opportunities that had been afforded him in this country and he called attention of the members of the club to the wonderful opportunity that it had in this community to become a leading civic organization.

In a most stirring manner, he declared that in his opinion, the people had now recovered their fundamental rights and privileges and were again in position to dictate the policy of government. He said that
